

JONESBORO, ME.
Washington County
JONESBORO "N1" MAIN

(Mrs) RUTH WOOD

Lot has at its front center a knoll of ground 5' above road grade sloping to sides and rear. Rear elevation approx. 6' below road grade.

Starting point for description & survey is 50' westerly from unnumbered Lt. Co. pole directly opposite Tel. Co. pole 904.

It is the opinion of field rep. that metal bludg would be acceptable if painted white to conform with adjacent residences.
